

Kitesurfing in Fuerteventura, 1 week

Would you like a sunny vacation, where you go kite surfing or learn this fun new sport? Then this is the trip for you. Fuerteventura has the sun, the sand, the water and the perfect kite surf spots - and we have the staff, who will make this experience unforgettable for you, no matter your experience level.

The days will be spent with as much kitesurfing as possible, both if you are kite surfing by yourself (with rescue cover) or if you are on kite surfing course. Under practical info further down the page, you can see the various package options you can choose.

You can spend the evenings together with the other residents at the Surf House or be on your own. Naturally it is up to you, how much you want to be involved.

Coming back to the destination, an interesting fact is that there is not a wide agreement regarding the meaning of the name Fuerteventura. While most people agree that the word Fuerte means strength, no one seems to agree on whether the word Ventura means luck, happiness, wind or adventure. In reality, it may not matter because all the four different meanings all hit the spot completely.

Fuerteventura is the second largest island of the Canary Islands and is closest to the African coast (only about 100km). Compared to its neighboring islands, there is far less congestion here and that is despite the fact that the island can pride itself on having some

of Europe's best beaches. An obviously this is just what is needed for making a sunny vacation ideal.

Another central element for a surfing, windsurfing or kite surfing holiday, is wind - and there is plenty of that on Fuerteventura! In fact, the island is world famous for doing any form of surfing.

During this holiday, you will become acquainted with the island's northernmost town of Corralejo, where the Surf-Hostel is located, as well as the beaches around it.

Day 1

ARRIVAL ON FUERTEVENTURA

You arrive at the airport on Fuerteventura, where you will be picked up and driven to the Surf Hostel. Once you have taken your luggage into your room, you can go to the beach or just enjoy Corralejo.

Note: The person, who picks you up at the airport, waits for you at the airport cafeteria. Not in the area that you enter when you come out through customs. The cafeteria is hard to miss.

Days 2-7

KITESURFING AND MUCH MORE

You use the days on having as much and on kite surfing as much as possible. How those days will be distributed depends on when you arrive - so be sure to check the start dates for the different courses under practical info.

The evenings are typically spent together with the other residents at the Surf Hostel and it is especially the roof terrace that often forms the setting for cozy evenings with barbecue and relaxation. It is also very common for guests to go out and eat together in the city. How much you want to participate in the common activities, is naturally up to you.

Day 8

RETURN

The vacation has come to its end and you will be driven to the airport in good time for you to reach your flight.
